

## Business & Finance Controller

**Would you like to work with all aspects within controlling? Do you thrive working in a global environment? Then you might be our new Business & Finance Controller!**

BB Electronics is an international company with solid top line growth and profitability. For our headquarters in Horsens, we are looking for a new colleague with a sharp analytical mind and a high energy level to help us achieve our business goals and financial objectives.

With reference to our CFO, you will perform the following tasks in close cooperation with the finance and controller functions of our Chinese and Czech subsidiaries:

- External and internal follow-up to ensure the company's budgets and objectives
- Follow-up of daily, weekly and monthly KPI reports, forecast and financial reporting
- Perform ad hoc analysis and presenting conclusions and recommendations to CFO, CEO and other management team members
- Development of business cases and reports to identify new business and optimization opportunities
- Actively participate in change projects
- Are a number cruncher and motivated by scrutinizing databases
- Pay close attention to details and can perform under challenging conditions
- Possess solid analytical skills and a talent for working with complex data and business processes
- Have great collaboration skills and a strong interest in building good working relationships across the company
- Already are or want to become an advanced user of Excel and TimeXtender
- Communicate effortlessly in English and know how to present your analytical findings to others

**In order to succeed in the job, we expect that you:**

- Hold a relevant BA or master's degree – preferably with a couple of years' experience from a position as Controller, Analyst or Consultant, but a graduate with the right attitude and personality is also of interest to us
- Are energetic and eager to help achieving the company's goals as well as creating the necessary changes
