

We are looking for a Junior Program Manager

**If you had the chance to work in a business with career opportunities – would you go for it?
If you could be a key contributor to our customers and business – would you enjoy it?
If you can say yes to any of the above, we might have a job for you!**

BB Electronics are looking for a new colleague with a sharp analytical mind and strong communication skills.

It is a prerequisite that you enjoy working in a versatile environment as the job gives you the chance to be in the center of business.

With reference to the Segment Manager, you will be involved with the following tasks:

Customer service management

- Secure deliveries to a group of customers is in line with customer's expectations, agreements and contracts.
- Controlling logistics and production data is optimized and up to date in our ERP system.

New product introduction

- Commercial & overall technical contact for NPI and R&D projects
- Securing industrialization, cost and quality advising from early phase through to running volume production.
- Price and costing of prototypes and support

Sales

- Product quotation, cost calculation, cash flow optimization, KPI management, customer follow up, work with supplier agreements

Supply chain management:

- Material sourcing, lead time optimization, pricing, order quantities, supplier setup, life cycle analysis, BOM risk evaluation

In order to succeed in the job, we imagine that you:

- Hold a relevant BA or similar
- Are skilled in Project/Program Management and have good ERP understanding
- May have some years' experience from manufacturing, supply chain or a sales position – experience from EMS will be an advantage
- Are fluent in Danish and English both oral and written
- Have a hands-on approach, possess good people skills and can make things happen
- Are a number cruncher who pay close attention to details, while also maintaining the bigger picture
- Have great collaboration skills and a strong interest in building good working relationships with both internal and external stakeholders

Application

The position is located at our site in Horsens. We process applications on a continuous basis and close the job opening once the right candidate has been found.

If you have any questions, please contact Segment Manager, Vilhelm N. Laursen, at vla@bbelectronics.dk /Ph: +45 7625 8435 or Program Manager, Alem Zolj: azo@bbelectronics.dk /ph: +45 4242 0231.

Please send your application to: HR@bbelectronics.dk – marked "Junior Program Manager" under subject.

We are looking forward to hearing from you!

About BB Electronics

BB Electronics A/S was established in 1975 and is one of the leading service companies within electronics production in Scandinavia. We offer services within design for manufacturing, sourcing, production, test, box build and system integration, distribution, and after sales services. It is our vision to be Northern Europe's leading EMS supplier of products within batch production of electronics. We produce for companies within a long range of businesses, e.g. industry, telecommunication, IT, medical, transportation and several niche industries. We employ around 600 employees, and our administrative head quarter is in Horsens, Denmark with production facilities in Suzhou, China, Lanškroun, Czech Republic and Horsens, Denmark.
